The Finance Committee was established by vote of the Town over a century ago on March 7, 1895. Article 33 provided for the selection of a "committee of twenty-one", which would consider all articles in the warrant involving an appropriation of money and "make report thereof in print, with their estimates and recommendations for final action of the town....."

Arlington's Finance Committee, however, was not the first in the state. According to the Massachusetts Finance Committee Handbook, "The Finance Committee's beginning was the action of a group of citizens of Quincy in 1870, who created themselves a committee to restore financial order." In 1910, the legislature required finance committees for every town "whose valuation for the purposes of apportioning the state tax exceeds one million dollars." Chapter 39, Section 16, also provided that any other town may "by by-law provide for the election or the appointment and duties of appropriation, advisory or finance committees, who shall consider any or all municipal questions for the purpose of making reports or recommendations to the town...."

In Arlington, the duties and responsibilities of the Finance Committee are stated in the Town Manager Act, Sections 31-35, and in the Bylaws, Title I, Article 7. Finance Committee members must be registered voters of the town. They are appointed by a three-member committee composed of the Moderator, the chairman of the Finance Committee and the chairman of the Board of Trust Fund Commissioners.

Under Section 4 of Article 7 of Title I of the Bylaws, the Finance Committee "shall consider all articles contained in any warrant except articles on zoning...and those articles which do not require or request an appropriation of money...said committee shall make recommendations, and shall report in print, if possible at or prior to each town meeting, but the omission of said committee so to consider, recommend and/or report shall not affect the validity of any vote or other action at any town meeting. The committee shall also make such general suggestions, criticisms and recommendations, as it may deem expedient. Nothing contained in this section shall preclude the Committee from considering, if it sees fit, articles which do not require or request an appropriation of money."

GLOSSARY

AVAILABLE FUNDS -- See Unencumbered Funds

CHERRY SHEET – A formerly, cherry-colored form showing state and county charges and reimbursement to the Town as certified by the State Director of Accounts.

ENTERPRISE FUNDS -- Funds that account for all revenues and expenditures for services and allow surpluses to be used to reduce user fees for the services or to pay for capital improvements. Each fund has an independent budget. Losses are made up from the Town's general fund. Presently, Arlington has enterprise funds for Council on Aging Transportation, Recreation, Veterans' Memorial Rink, Water & Sewer and Youth Services.

FISCAL YEAR -- July 1 through June 30.

FREE CASH -- See Unencumbered Funds.

OVERLAY -- Funds set aside to cover abatements and exemptions. The amount is determined by the Board of Assessors.

OVERLAY RESERVE -- Unused accumulated amount of Overlay for previous years that is not required to be held in a specific Overlay account for a given year. Once released by the Board of Assessors, the funds may be used for any municipal purpose.

RESERVE FUND -- A fund established by the Annual Town Meeting. It is under control of the Finance Committee, which may authorize transfers for extraordinary or unforeseen expenditures. The fund may be composed of an appropriation of not more than 5% of the tax levy for the preceding year.

STABILIZATION FUND -- A special account created to provide a reserve for municipal expenditures. Transfers into and out of these funds require a 2/3 vote of Town Meeting.

SURPLUS REVENUE -- The total amount of cash, accounts receivable, and other current assets that exceed liabilities and reserves.

UNENCUMBERED FUNDS -- The amount of surplus revenue, minus uncollected taxes of prior years. Unencumbered funds must be certified by the State Bureau of Accounts before they can be used. This is also known as Free Cash or Available Funds.

REPORT OF THE CHAIR OF THE FINANCE COMMITTEE

It is not possible to begin this report without acknowledging the enormous contribution of our former Finance Committee Chair, Al Tosti. Al led this Committee with vision, energy, discipline, and dignity for three decades. He created a culture of professionalism and collaboration between the Finance Committee and Town Government, School Government, Boards and Commissions, Town Meeting, and our Arlington community. His leadership extended not only to our community, but also to other cities and towns in the Commonwealth, and to the statewide Association of Town Finance Committees, an association which he led as president during several different periods. In this year, in my new role as chair, I have benefited immensely from his continued participation and leadership. For his counsel, and for his long and outstanding service I am personally grateful.

The Pandemic

During the past 12 months we have all endured the Covid-19 pandemic. It has had a sobering, painful effect on our families, our social relationships, our work lives, our parents, and our children. Many of us have been without work or reduced income during this difficult time. In Arlington we have been fortunate that our municipal services have continued unabated and our participatory government survives. The Town Manager and his team continued to deliver effective services throughout. A huge challenge was placed upon Arlington Public Schools. In just a few weeks' time last spring, the entire school system had to switch from "in person" to "remote" learning. And, during the summer, with constantly changing guidance from state authorities, the School Administration and School Committee had to develop and implement several different remote, in-person, and hybrid learning models based on student age, school buildings and a variety of other factors to continue to deliver quality education to our students. That they accomplished this is nothing short of miraculous, for which the entire Town should be grateful. Unfortunately, we must continue with remote learning, remote Town Meeting, remote boards, and committees, and making things work. We all hope, with the increasing vaccination rate that life can soon return to normal.

Finance Committee Organizational Activities

This year we instituted some organizational changes on the Finance Committee by creating "Working Groups" to focus on specific areas of interest. Christine Deshler is leading a Policy Working Group to document past policies and practices, and to create future directions for the Committee. Arif Padaria is leading a Communications Working Group to give the Finance Committee more visibility in the community to help with recruiting and information dissemination. Al Tosti is leading an Operations Research Working Group that will do in-depth studies of Town Departments similar to the Arlington Police Department Report prepared by Christine Deshler, Darrel Harmer and Jonathan Wallach last summer. Annie LaCourt is leading an Information Systems team that has already had a major impact: the Committee is up and running on Microsoft Office SharePoint and all of our budget documents, working papers, minutes and other data are cloud-based and available to all members for collaborative efforts. In addition, following Al

Tosti's precedent, I have expanded our Leadership Working Group to include not only the Vicechairs (Alan Jones, Christine Deshler and Dean Carman) and Secretary Peter Howard, but also Jonathan Wallach, our Capital Planning Committee delegate; Annie LaCourt as our Information Systems strategist; Al Tosti, our past Chair, and Liz Diggins, our Executive Secretary. The new groups are in addition to our Budget Working Groups in which all members participate.

The Fiscal 2022 Budget, Arlington's Structural Deficit, and an Impending Override Crisis

After Town Manager Adam Chapdelaine prepared his budget message to the Select Board in January, the Finance Committee began its budget review process and review of Town Meeting warrants. This year's budget is within forecasts of the previous Five-Year plan. The current Five-Year Plan is Appendix D in this Finance Committee Report. A comparison of the FY 22 Budget proposal to both last year's Five-Year Plan (at Town Meeting) and the FY 21 Budget can be instructive in understanding a major fiscal crisis approaching in FY 24 that may require a \$20 million override. These Five-Year Plans and budget data are prepared in the office of Arlington's Finance Director and Deputy Town Manager, Sandy Pooler.

11	Collected Non-Exempt Revenue	167,546,717	170,907,025	3,360,308	167,798,632	170,907,025	3,108,393	1.85%

In Table I above, we can see that FY 21 State Aid (Line 1) increased by almost \$2.3 million more than we anticipated in June of 2020; similarly, higher than planned free cash and tax receipts helped revenues. It is useful to eliminate exempt revenue (this doesn't affect the structural deficit because "Exempt" income and expense are outside the limits of Proposition 2½) and the contribution from the Override Stabilization Fund, to see "Collected Non-Exempt Revenue". Expenses against this amount (Line 11) determines our structural or operating deficit. Increases in Line 11 reduce our reliance on withdrawals from the Override Stabilization Fund.

The School Budget in the April 21 Plan is higher than last year because an additional amount of \$230,000 approved in the 2019 override, which APS removed last year due to the pandemic, is now being restored. As the student enrollment dropped by 287 students due to the pandemic, the student growth factor funding is being held in a reserve fund until APS learns how many students return to class next year. The FY 22 school budget increases by 6% over FY 21, not including student population growth.

Minuteman operating increases (Line 16) arise from more Arlington students being enrolled. Line 17 is exempt debt service for the new high school building; it is exempt and does not contribute to the structural deficit.

The principal increases in Town Budgets are associated with operating expenses. Some of these are COVID related and may be subject to reimbursement. Net Town Expenses have increased 2.55%. The change in the Debt Shift is a result of a Select Board policy to phase it out due to changes in Federal tax law.

Most of the increase in capital expenses are in Line 24, Exempt Debt Service. This increase is primarily due to the new Arlington High School project, and as it is exempt, it does not affect the structural deficit. Town Treasurer, Phyllis Marshall recently managed a debt sale with the lowest interest rates in Arlington's history.

Table 6 shows various other expenses, some large, such as Pensions, Insurance and State Assessments. These categories are to some degree beyond the day-to-day control of Town and School management. However, every time we increase our personnel count, we increase the cost of pensions and insurance. The FY 22 increase in the Reserve Fund is due to the addition of the Student Population Growth funding to that account. If student population growth increases past October 2019 levels, this fund will be applied. To the extent that it does not, this money will be returned to Free Cash, and eventually the Override Stabilization Fund.

Table 7 is the bottom-line impact. While our revised FY 22 Plan is better than our original FY 22 Plan, we still have an operating deficit in FY 22 of (\$6,248,581). We are offsetting this by use of money withdrawn from the Override Stabilization Fund. Arlington is spending substantially beyond its means. The current Five-Year Plan in Appendix D projects this deficit to be (\$14.7 million) in FY 24, offset in part by a last withdrawal of \$7.6 million from the Override Stabilization Fund. This deficit grows to (\$19.8 million) in FY 2025. A rule of thumb in the past suggests that for an override to last three years, it has to be roughly equal to the second year's deficit. This would imply an override of nearly \$20 million if we don't have additional sources of revenue or reduced expenses. Such an override may be politically unacceptable. It is critically important for the Town and Schools, including the Select Board and School Committee, as soon as possible, to begin planning to avert this looming crisis.

Respectfully submitted,

Charles T. Foskett, Chair Arlington Finance Committee
